SINGLE ROD FIXED TWO WHEELS

Fabric: High-quality wear-resistant fabric
 Capacity: 35 liters
 Chassis material: ABS
 Rod material: rod tube (all aluminum alloy), handle (ABS), other plastics (PP)
 Wheel skin material: customized PVC
 Size: 35 * 24* 96CM
 Net weight: 2.5kg
 Function: waterproof, breathable, wear-resistant, light, silent
 Structure: 4 floors
 Matching: 3-piece set
 Applicable age: 5-15 years old

DETAILS PRESENTED

Decompression shoulder strap, back pad

Soft and breathable, relieve fatigue, uniform stress.

Textured aluminum alloy rod

Bold and thick aluminum alloy rods, electroplated, polished, Smooth drawing, can bear more than 60KG without deformation, Adjustable multiple gears, worry-free quality.

Thick wear-resistant protective pulley

The wheels adopt the principle of triangular solidity, Use high strength and wear resistance. And TPE material that resists fatigue and temperature resistance, Wear-resistant and durable, smooth sliding.

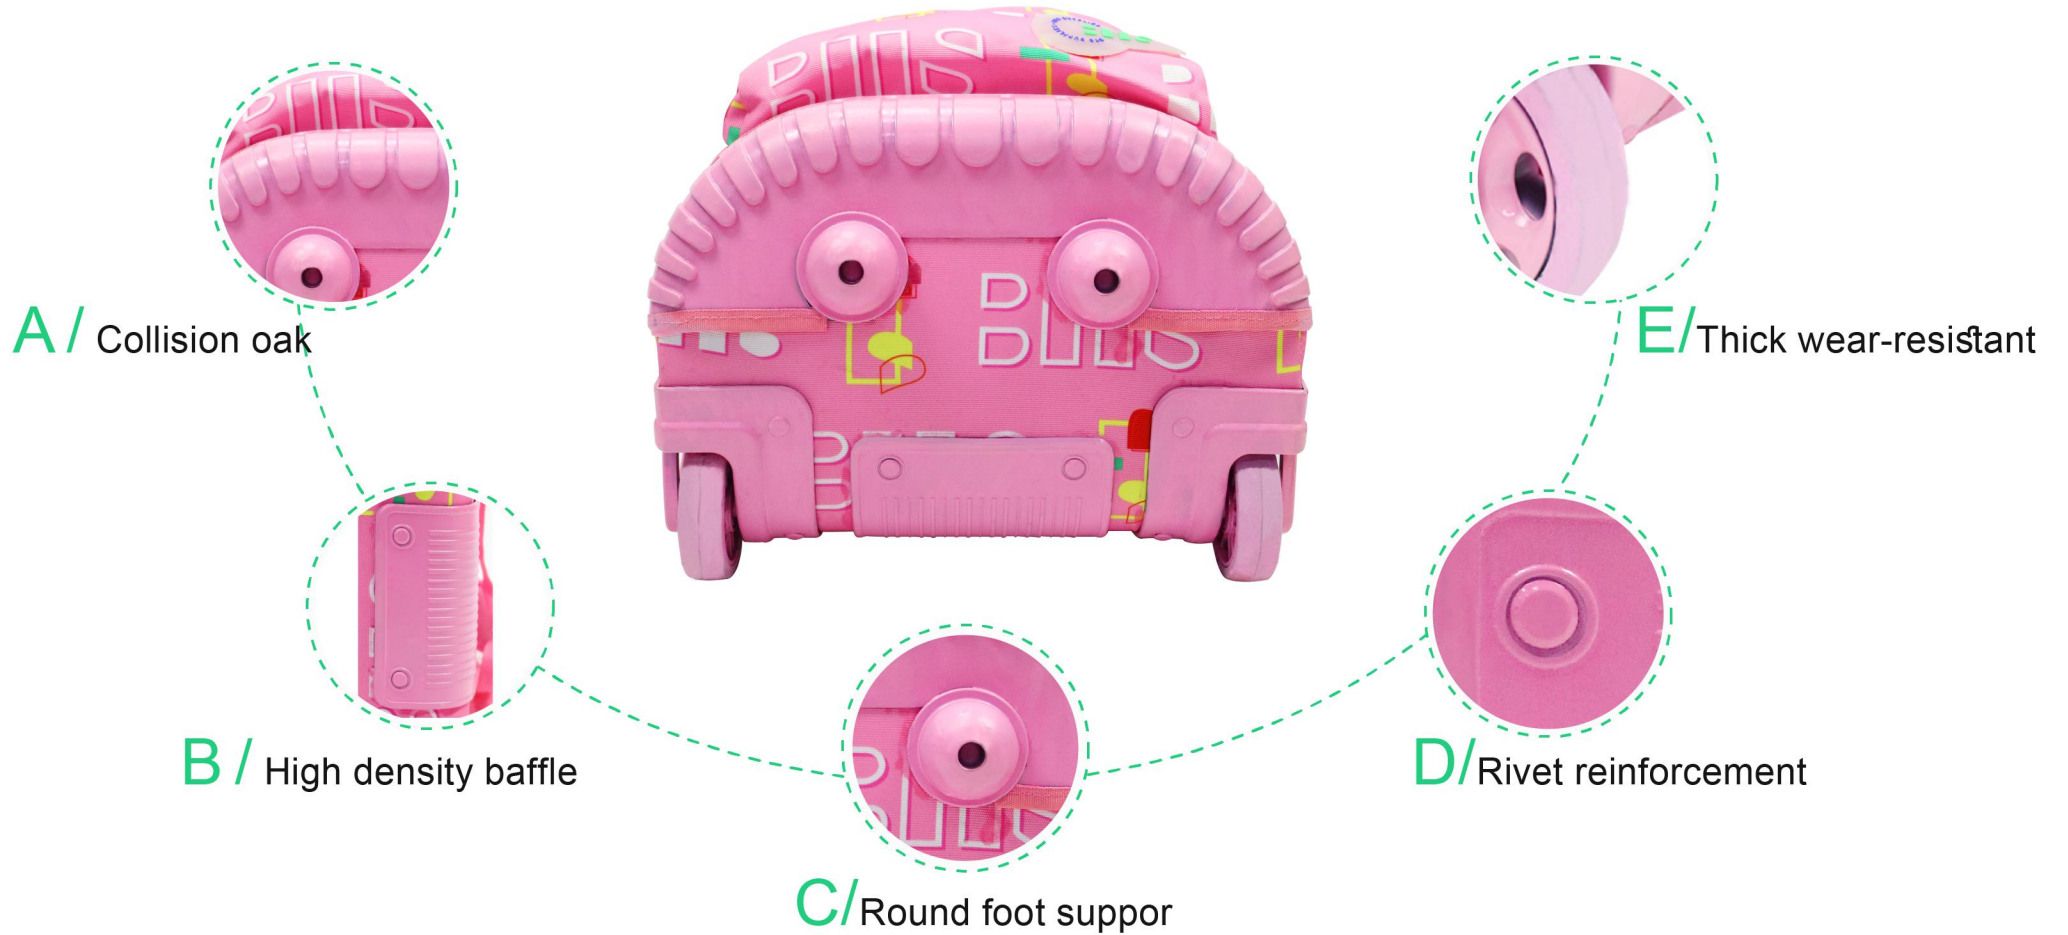

Hidden dust cover design

When the tie rod is not used, it can be covered to avoid .Dirty clothes, effectively prevent wear, intimate design.

BOTTOM WEAR PLATE DETAILS

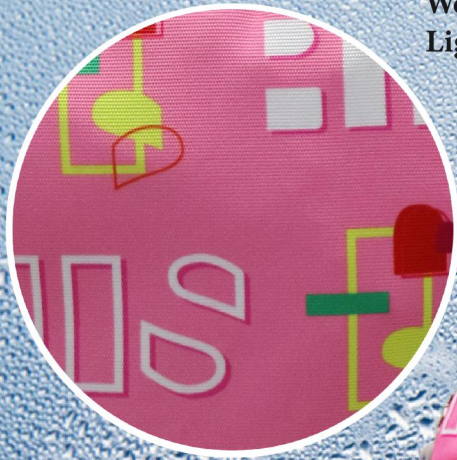

“I HAVE A BIG BELLY”

Four compartment design

Powerful loading function, can hold clothes, iPad, books, notebooks, Umbrellas, stationery and other daily learning and living items, one pack of storage, easy to get.

Wear and scratch resistance
Lightweight and waterproof

Anti-splashing water

Selected high-quality fabrics, light and durable, strong density, no accumulation of water drops, thereby effectively protecting the contents of the school bag, intimate quality enjoyment.

MULTIFUNCTIONAL BACK METHOD

The school bag can be shoulder, shoulder, drag, Handbag and other backpack modes, switch at any time.

INSULATION BAG

Fabric: High-quality wear-resistant fabric
 Size: 25 * 18 * 9cm
 Features: Portable
 Function: waterproof, heat preservation, wear resistance
 Structure: 1 floor

STATIONERY BAG

Fabric: high quality wear-resistant fabric
 size: 18*6.5*6.5cm
 Features: portable
 Function: waterproof, breathable, wear-resistant
 structure: 1layer
